Through the ups and downs, the whole time of knowing you I've always loved you even after fighting with you in the middle of the road over some absolute, dumb shit. I'll always remember the love that your family had for me and That we're gonna miss your goofy self, keep it real my dude, watch over the family and know we will keep you alive with stories of the good and the bad and in between. Rest in peace chucky, you'll forever be missed.

You were always an older brother to me growing up, you made me tough, I have so many memories from growing up of you. How we spoke not long ago. You told me how myles looked just liked me and how you wanted to meet him. I wish you got the chance to meet him. You were so intelligent, you use to give me, Logan, milly, maddy and Matt a look when we were acting up that would scare us. But you were always the one who was straight forward, opened minded and one of the ones who stuck up for me even against our own family. You were always kind to me. You taught me to skateboard, stand up for myself, play Pokémon cards so I could try and win against Logan (I never won). My heart breaks for your mom, dad and siblings, I hope you know they loved you so much. We all do, we will always remember and miss you. I will always cherish the moments I had with you. Watch over us chucky.

My memories of Chucky was how intelligent he was in his kindergarten class. He could memorize a lesson by reading it. I think he inherited his good memory from his grandmother Kathy, she was the smartest person I knew. Aunt Pat & B J
