Colleen Teresa Brady

DEC 18, 1950 - MAY 26, 2025

Colleen O'Shea Brady passed away at the age of 74 on the island of Maui on May 26, 2025 after a prolonged battle with cancer. She loved her family, she loved her children, she loved her friends, she loved travel. She loved life. Her biggest interest were people.

Two of her favorite mottos were: Never, Never, Never give up and all things are possible with God. She had friends all over the world. She had numerous young people that she loved and mentored who called her their second mother. She was an innovating entrepreneur incubating businesses before it was a trend.

She did not keep this talent to herself but shared this with others. She loved starting businesses and helped mentor many people. Colleen was amazing, talented, Intelligent and brave. Her ability to reflect on the good times and bad times with such equanimity is uncanny. She approached death in a peaceful and accepting way.

Trusting in God all the way. She said the happiest times in her life was raising her children. She loved them totally and completely and tried to give them every advantage in their lives. Michael Brady was the love of her life and shared in her love of travel. They complimented each other in both travel and business adventures.

Colleen started the Winston school in Del Mar, CA for children who lived differently There was not a school like this in all of Southern California It still exists, and 150 children attend annually and she considered this a memorial to her son Jeff. In her lifetime Colleen started a number of nonprofits.

She loved the island of Maui and gave back to the Island in many ways. She was a philanthropist not only on the mainland but especially on the island of Maui where she was a board member and officer in 6 nonprofits. She loved contributing to the island. One project she was especially
