Hey jeff,Is this your personal wegpabe or more like a IT help page? It's quite good, and I think it will get better once you added more stuffs as time goes by When content increases, you might want to classify the posts according to different topics, for eg, hardware prob, software probs, or wndows/mac/linux etc These are just some ideas, but I'm not IT expert so hahahha .##imported-begin##Edilia##imported-end##
